

President Rhee Raps U. S. Far East Policy

Clergyman Trapped In Auto In Flooded Tobyhanna Creek

Smashes Thru Bridge Rail Into Stream

POCONO LAKE PRESERVE—An elderly Princeton, N. J., clergyman's car smashed through a bridge rail and plunged into storm-swollen Tobyhanna Creek here yesterday morning, apparently trapping the man inside.

The car was swept more than 1500 feet downstream by the flooded waters of the creek. Workers will try today to haul the car from its precarious perch on a rock in midstream.

Trapped In Car

Meanwhile, the body of Rev. Minot C. Morgan of 47 Hawthorne Ave., Princeton, is believed to be trapped inside the car, State police said last night.

Witnesses told police that the 78-year-old minister was driving his car across a bridge over the creek at about 11:30 a.m. yesterday. At a point near the center of the bridge, the car skidded and went over the side, police said.

Torrential weekend rains had brought the normally shallow Tobyhanna Creek up to an estimated 12 feet in depth, police said. The creek ordinarily measures about three to four feet deep.

Cottage At Preserve

Rev. Morgan and his family rented a cottage at the Preserve, police said. The minister was alone in the car at the time of the accident.

Police said they believed one window—the driver's window, apparently—was part-way down when the car went off the bridge. After gauging the depth of the creek and judging the power of the waters of the stream, police said all plans to try to recover the car were abandoned last night.

The car was pulled more than 1500 feet from the bridge where it had gone into the creek. Police said the vehicle apparently caught on a rock near the center of the stream.

Flood Covers Car

Last night only a portion of the car was still visible—a small section of the roof above the rear window. Under normal conditions the rock on which the car is caught thrusts itself above the water about four feet.

Police said there is little doubt that Morgan's body is inside the car.

Fern Ridge State police are in charge of investigating the incident. Monroe County Coroner Charles H. Rushmore and Deputy Coroner Frederick Munson were called to the scene yesterday afternoon.

An autopsy will be performed when the body is recovered, Rushmore said last night.

Efforts to recover the car from the stream will be resumed this morning, police said. If the creek continues to rise, workers will probably be kept from the stream, however.

Adenauer Calls For Freeing Of Red-Held Germans

BOON, Germany, Aug. 14 (P)—Chancellor Konrad Adenauer has informed the Soviet Union that a discussion of German unity and the release of Germans held in Russia is "necessary" during his impending trip to Moscow, the German government announced tonight.

Adenauer told the Russians that he is prepared to leave for the Soviet capital on Sept. 9 in response to the Kremlin's invitation to discuss establishing diplomatic, cultural and trade relations, the announcement said.

He said that he is ready to discuss "ways and means" of setting up relations in these fields.

But he said the Bonn government "is of the opinion that the discussion of the establishment of diplomatic, cultural and trade relations makes necessary the discussion of other questions."

German Unity

These, he said, are the unification of Germany "on which the creation of a European security system depends" and on the release of Germans still held in the Soviet Union.

Bing's Son Hurt

RAYMOND, Wash., Aug. 14 (P)—Pvt. Philip L. Crosby, 21, son of crooner Bing Crosby, was seriously injured here early Sunday when the car he was driving plunged through a guardrail and plowed over a 20-foot embankment, acting Police Chief Russell Starns reported.

FLOOD TIDE AT STOKES MILL. At the height of Saturday's storm "the ole swimmin' hole" at Stokes Mill looked like this. Water in the stream had risen sharply overnight; during the storm it completely covered rocks (center of photo, barely visible). The story was the same all over the county: streams and creeks which had nearly dried up two weeks ago, were crowding out and over their banks.

Connie Heaves Her Last Wet Sigh Over Lake Erie Region

By The Associated Press

HURRICANE CONNIE heaved her last wet and windy sigh over northern Lake Erie Sunday as spotty showers peppered parts of Pennsylvania, flooding creeks, some roads and cellars and bringing more relief to thirsty crops.

The showers, which rained down on a number of communities, including Allentown, Coatesville, Johnstown, Philadelphia and Lancaster, were indirectly caused by Connie which, diminished in force, swept through central Pennsylvania Saturday.

As a result of the Saturday storm, eight or more deaths were counted in Pennsylvania.

Six Inches
In Lancaster County, largely agricultural, about six inches of rain fell between Friday afternoon and Saturday night.

M. M. Smith, Lancaster County agricultural agent, said "the storm did more good than harm." The rain brought relief to parched crops but high winds reaching 46 miles an hour did some damage. Smith said the winds blew down some peaches and apples, twisted corn stalks, and that some tobacco fields were flooded.

In Johnstown, a two inch rainfall helped quench dry crops. Winds blew down a few corn stalks but damage was very slight. The storm also dumped more rain—6 inches—during a 36 hour period in Philadelphia than is normally recorded for the entire month. Pittsburgh had an inch and a half of rain, which snarled traffic, flooded streets and felled trees.

A 4,000 volt wire of the Duquesne Light Co. snapped, cutting off power to four districts for several hours. The storm also halted most airline flights to the east. Planes were flying on schedule Sunday.

As for the weather Monday, showers were forecast for most of central and eastern Pennsylvania with highs ranging from 78 to 86 throughout the state.

The U. S. Weather Bureau said no flood threat exists in the Pittsburgh area despite the heavy 12-hour rainfall Saturday. And in Harrisburg only minor storm damage was reported with sewers backed up and small streams flooded.

It was impossible to estimate the damage left by the storm.

The weatherman said Sunday's flash showers came as Hurricane Connie, moving northward, pulled the warm, moist air with her.

As a tragic consequence of a cloudburst at Coatesville, Mrs. Emma G. Todd, 92, of Haverford, drowned Sunday in a flash flood.

Same Aims
These roughly are the same aims of the American satellite program although the United States announcement did not mention movies of the sun.

Complete Picture
Westerners here were surprised that such an important scientific article would be published in the relatively obscure Moscow Pravda—a paper devoted chiefly to the interest of the population of Moscow and the suburbs. It is not to be confused with the Communist party organ Pravda.

Among other things, Karpenko said, artificial satellites would take slow motion movies of surface phenomena on the sun, study the ionosphere which affects short-wave broadcasting, study ultraviolet and X-ray irradiation of the sun and stars, and study cosmic rays.

Same Aims
These roughly are the same aims of the American satellite program although the United States announcement did not mention movies of the sun.

Walter Opens Probe Into Alleged Communism Activities In New York Entertainment Field

NEW YORK, Aug. 14 (P)—The House Un-American Activities Committee opens a new probe into alleged communism in the entertainment field here tomorrow. It has subpoenaed 27 witnesses.

The first to be called, said committee Chairman Francis E. Walter, will be Lou Polan, now appearing in the hit Broadway show, "Bus Stop."

The list includes actors, writers and others connected with the theater, television and the movies. Among those subpoenaed are:

Author Called
Jerome E. Chodorov, co-author of such Broadway successes as "Wonderful Town," and the current comedy "Anniversary Waltz."

Sam Jaffe, veteran stage and movie character actor, comedian

Zero Mostel and Stanley Prager, a performer in the hit musical, "The Pajama Game."

No charges have been leveled against the witnesses. Walter has said, "We'll find that a lot of people in the entertainment business who have been Communists have used large incomes they got from entertainment to further the Communist cause."

Several of the prospective witnesses have made public statements since publication of their names.

Jaffe said, "I am not a Communist and I never have been a Communist, nor have I ever given to Red causes. I have always been a good American citizen."

Caused Censorship
Polan said, "The results of the

Connie Douses County With Heaviest Rain

HURRICANE CONNIE doused Monroe County with a record-breaking rainfall in her three-day passage across this area.

In Mount Pocono the total rainfall for Friday, Saturday and Sunday was 9.44 inches.

In Stroudsburg the official measurement was 6.77 inches for the three days.

Saturday Heavy
Most of the rain fell on Saturday—the day Connie actually "passed through." On that day Stroudsburg had 5.17 inches of rain and Mount Pocono got a whopping 6.85 inches.

Other than the deluge of rain, Connie turned out to be comparatively mild-tempered in her brush with Monroe and the Poconos. Winds were relatively normal at Mount Pocono.

Gusts up to 50 mph were measured at Mount Pocono but most of the time, according to official weather observers the "sustaining winds" were from 25 to 33 mph on Saturday.

Temperatures stayed at a near-constant level during the day and dropped only a few degrees at night. During most of the weekend, the mercury maintained a steady course at from 66 to 69 degrees in both Stroudsburg and Mount Pocono. There is, ordinarily, about 10 degrees difference in the readings.

The mercury began to rise, steadily, at about 6 p. m. Saturday—after the final direct winds of the hurricane had passed over.

A breakdown of measured rainfall in Stroudsburg beginning with a .06 of an inch fall up to 8 a. m. Thursday, Aug. 11, shows the following:

Friday, Aug. 12 at 8 a. m.—one inch; Saturday, Aug. 13 at 1:30 p. m.—5.17 inches; Sunday, Aug. 14 up to 4 p. m.—.54 of an inch. Total—6.77 inches.

The minimum temperature reading in Stroudsburg over the weekend was 67 degrees. At 4 p. m. it was 80 degrees in the borough.

Dies After Test
LEBANON, Pa., Aug. 14 (P)—A 61-year-old man died of a heart attack at completion of his test for an automobile driver's license.

The victim, George W. Walker, Lebanon, a steel worker, stopped the car at the testing station and then slumped over the wheel.

Utilities Escape With Low Damage

UTILITY companies settled back with a sigh of relief Sunday, Connie, the surprising gentle hurricane, had come and gone. Unlike her 1954 sister Hazel, Connie caused relatively little headaches for utility company repairmen and their bosses.

Monroe County's three major utilities—Bell Telephone, Pennsylvania Power and Light and Metropolitan Edison—were unanimous in their appraisal of the weekend storm as less troublesome than they had expected.

There were still interruptions in customer service. All three companies had crews of workmen tramping through the storm during the day Saturday.

Restored Soon

But nearly all service interruptions were restored to service within a matter of an hour or so during the day.

Neal S. Rote, wire chief for the Stroudsburg office of the Bell Telephone Co., reported last night that a total of 1,236 stations were "out of service" on Saturday due to the storm.

Rote said most of the trouble cropped up in the Stroudsburg-Bushkill exchanges. Major cause of trouble was high winds in the out lying regions, Rote said.

Falling branches from wind-whipped trees tangled in telephone wires and tore them down. A few full-sized trees were felled by the storm, Rote said.

Trees "Slide"

The trees that fell, however, were mostly those which had been growing on banks beside roadways. When the weekend's torrential rains came, the earth was washed away and softened, so that roots loosened and the trees simply "slid down the banks," Rote said.

Bell had 73 men and 35 trucks in the field on restoration work over the weekend. Of these, 35 men and 25 trucks came in early Sunday morning from Pittston, Bethlehem, Allentown, Wilkes-Barre, Scranton and Easton.

All but a few stations were back in service on Bell lines by 8 last night, Rote said.

Metropolitan Edison Co. chief Ted Henning said that trouble along M-E lines was "spotty" during the height of the storm Saturday. Earliest reports on trouble were received at about 7 or 7:30 a. m. Saturday, Henning said.

M-E crews had been alerted and were "on the job" at 6 a. m. Saturday, Henning reported. "We were waiting for this one," the company manager said.

Only 73 Out

Henning said there were never more than 75 customers out of service at one time during the day. The first report of service interruption came from the Silver Lake region early Saturday morning, he said.

Interruptions occurred in East Stroudsburg, Stroudsburg, Delaware Water Gap, Saylorsburg, Snyder, Berks, and Dingsmans Ferry.

A major source of trouble during the day came when a 4600-volt primary conductor came down on Prospect St. in East Stroudsburg. Most of the company's headaches were caused by blown transformer fuses, Henning said.

M-E called in two Staples Construction Co. crews to help out during the day, the manager reported. By 6 p. m. Saturday, most of the crews had been released, Henning said. Some isolated "trouble" calls were still coming in after 7 p. m., but these were rare, the manager said.

Pennsylvania Power and Light Co. crewmen had trouble calls to Stroudsburg, East Stroudsburg, the West End and in scattered areas in the mountains.

At One Time

Paul McBride, district PP and L manager in Mount Pocono, said last night that a total of about 500 customers may have been affected by service interruptions Saturday.

The highest number of interruptions at any one time was about 15, McBride said.

At about noon Saturday an estimated 400 consumers were thrown out of electric service when a large tree fell across a major line near Pocono Lake. The break interrupted service to the entire Mount Pocono-Blakeslee region for a short time, McBride said.

The earliest report of trouble on file at PP and L came at about 7:30 a. m. Saturday, the manager indicated. By 8 a. m. calls had begun to come in slowly and steadily and the pace remained the same the rest of the day, he said.

Most of PP and L's trouble was caused by high winds and falling tree limbs, McBride said.

Delegates So Pleased With Atoms-For Peace Conference They Plan Second Meeting

GENEVA, Aug. 14 (P)—At the half-way mark in the atoms-for-peace conference, the delegates are so well pleased with the results that a move is under way to have a second world congress two or three years from now.

Exact details as to when and where the next meeting will be held have not been worked out, but there appears to be an almost unanimous feeling that these meetings should be held at regular intervals.

Recommendations

Informed quarters said Dag Hammarskjöld, United Nations secretary general, already is drafting recommendations on this subject for consideration by the U. N. General Assembly which meets in New York Sept. 20.

The present meeting, which will end Aug. 20, grew out of President Eisenhower's atoms-for-peace program, and was arranged under the auspices of the U. N. Assembly.

Several leading delegates have expressed hope that another meeting would be held. These include Lewis L. Strauss, chairman of the U. S. Atomic Energy Commission, who told a news conference several days ago he hoped there would be more meetings of this kind.

The Russians, on several occasions during the conference, have declared they found the discussions

No Sensations

There have been no sensational disclosures, but the scientists say they will benefit substantially by swapping notes with their colleagues from other countries on technical experiences.

U. N. officials feel the conference will achieve at least two other important results:

1. Ease world tension by bringing Communist and non-Communist delegates together in close informal contact on nonpolitical matters.

2. Help dispel the feeling among the public that atomic energy is being used almost exclusively for military weapons.

Violence Eases In S. Korea

SEOUL, Monday, Aug. 15 (P)—Koreans paraded in front of the U. S. Embassy yesterday shouting, "Communist Czech and Polish spies leave Korea." No violence was reported anywhere.

President Syngman Rhee, who Saturday postponed indefinitely his ultimatum that Czech and Polish troops inspectors get out, rapped U. S. policy in Asia at a rally in Seoul.

Violence Eases

But the demonstrations—which in eight violent days saw 44 U. S. soldiers and possibly 100 Koreans injured—appeared to have lost their steam.

Rhee told Koreans assembled to celebrate the 10th anniversary of Korea's liberation from Japan that the United States now advocates a new "peace of mutual forbearance."

Rhee said President Eisenhower enunciated the policy at the Geneva conference. He urged the free world to abandon the drift toward this and other "status quo" policies.

Instead, Rhee declared, the free world should immediately "roll back the Iron Curtain from areas it has illegally engulfed."

Rhee said the alternative would be to give way gradually to communism—"the greatest evil force of slave conquest in the entire history of the world."

Peace Problem

"The real problem," he added, "is not how to achieve peace but how to deal effectively with Communist aggression."

Rhee said South Korea would insist upon "the liberation of North Korea" in any future negotiations.

As the demonstrations slackened off, Gen. Lyman L. Lemnitzer, U. N. Far East commander, returned to Tokyo after four days of talks in which he told Rhee the United States was obligated by the armistice to guard the four-nation truce commission.

On the commission are Swedes and Swiss as well as Czechs and

There were fears the IRA would strike again. An IRA leader was quoted as saying new violence is inevitable.

But Scotland Yard officials were tight-lipped about the published tabloid reports that special measures had been taken to safeguard Queen Elizabeth II, vacationing in Scotland, and Prime Minister Sir Anthony Eden.

Guard Royal Family
The Sunday Graphic said extra guards had been rushed to Balmoral Castle to watch over the Queen and the royal family, and that others were assigned to Eden who is staying with Lady Eden at their country cottage, Broad Chalk, in Hampshire.

"Security arrangements exist, of course, but they can't be discussed," a Yard spokesman said.

There was an air of wartime alertness throughout Britain. "Close the escape routes" was the order in the British Isles and the operation was being carried out on a scale mindful of World War II days.

Army investigators said at least eight—and possibly up to 20—were in the armed raiding party that overpowered an unarmed guard at the Arborfield army depot and got away with machine guns, rifles and ammunition.

Six hundred soldiers slept in huts only a few hundred yards away from the camp armory.

Vote Strike
PITTSBURGH, Aug. 14 (P)—CIO United Auto Workers employed at the Allis-Chalmers Manufacturing Co. voted today to strike, if necessary, to support demands made in negotiations for a new contract.

Waring To Star In Buck Hill's Major Concert

BUCK HILL FALLS — The annual Buck Hill Community Services concert, this year featuring the talents of outstanding singers from the Fred Waring organization, will be held Friday at 8:30 p. m. in the auditorium of The Inn at Buck Hill Falls.

Tom Waring will be the host and master of ceremonies for the

Tom Waring

concert. Artists who will be featured are Leonard Kravendok, Patricia Beems, Robert Sanders, Richard Cronister and Wallace Hornbrook.

History Talk

As Fred's brother and as one of the original members of the Waring band, Tom is perhaps more qualified than any other individual to talk on the history of the organization. A talented composer and musician, Tom Waring now lives full-time in Shawnee where he devotes his time to writing and arranging music.

He was, for many years, featured soloist with the Waring band, dating from the days of the "Collegians" and the early Pennsylvanians.

The annual concert is a major part of the Buck Hill Community Services Committee's drive for funds. One ticket is given for each \$10 contributed to the drive.

Agencies Benefited

Among the agencies and organizations supported, in part, by the committee's fund drive are Monroe County General Hospital, the Barrett Township Welfare Fund, Monroe County Community Chest, the American Friends Service Committee, the Monroe County Y. M. C. A. world service fund and Barrett Township Little League baseball.

Members of the Community Chest and the Welfare Fund include the Children's Aid Society, Child Health Committee, Crippled Children and Adults Association, the Neighborhood Relief Association, the Salvation Army, Barrett Educational Fund, the Friendly Library and Book Club, Playground Association, Boy and Girl Scouts and the Y. M. C. A.

Reserved seat tickets are available at the auditorium box office beginning today or by calling Cresco 3711, extension 28.

Russian Learns Much At Parley

GENEVA, Aug. 14 (P) — Soviet Prof. A. P. Vinogradov said you can quote him: He's gained a lot of new information at the atomic-peace conference.

For one thing, he said, an American method involving polliography study to determine the chemistry of various materials used in atomic work is more sensitive than one the Russians have been using.

But Vinogradov, director of a Moscow chemistry institute and member of the Soviet Academy of Sciences, jokingly urged reporters to identify him as a scientist and not by such a title as "the Russian ambassador in France."

The Russian ambassador in France is Sergei Vinogradov, no relation.

Africa's Lake Victoria which is one and a half times the size of Switzerland will have its level raised three feet by a new power and irrigation dam.

Brazil's Uproar Wednesday To Signal Communists' Pretext Memorial On Late Vargas

By William L. Ryan
AP Foreign News Analyst

EVENTS IN LATIN AMERICA soon are likely to foreshadow the Communist program for that part of the world and point up the real aims behind the world movement's current new look and "peace" drive.

There is a strong possibility that a week from Wednesday there will be an uproar in Brazil. If so, it probably will be sparked by the Communists, though its pretext will be the commemoration of one who, although a dictator and strong-man, also was strongly anti-Communist.

The indications are that there will be some sort of attempt next week to spark nationwide agitation throughout all Brazil, Latin America's largest nation. If it comes off as planned, it will involve calls for a nationwide work stoppage in honor of the memory of Getulio Vargas.

Vargas Red Hero

Vargas sent a bullet through his heart Aug. 24, 1954, when the Brazilian military forced him to resign, accusing him of corruption. Now, suddenly, he will become a hero in Communist eyes.

This turn of events is illuminated by the recent manifesto of the Brazilian Communist party, which Vargas outlawed and which remains illegal in the country. This manifesto supported candidates for President and vice president in the October national elections who are Vargas men and backed by his Brazilian Labor party.

The Communists say they are supporting these men in spite of their past criticisms of the Vargas party because the two are the only ones who favor "democratic liberties." Apparently the Communists hope, in the new wind being blown up by Moscow, to be able to emerge from their underground situation to one of legality.

Capture Labor

There are already ominous signs that the Communists, despite their illegality, have managed to capture the leadership of the National Popular Labor movement. Its former president, who has just broken with the organization, complains that all its program is being adopted by a few men, without any participation by the rank and file of the membership. The few in charge, he contends, are Communists who intend to use the movement in a drive to make the Communist party legal again.

The developments in Brazil will be important enough in themselves since they involve such an important western hemisphere nation. But these developments are even more important when viewed from the perspective of the Communist world movement. The Red moves in Brazil tie in perfectly with Communist maneuvers in all major countries, where the theme is peace and "unity of all democratic forces."

Such maneuvers tend to show the Moscow new look, for all of its superabundance of smiles and dramatic gestures, as a world wide attempt at gradual infiltration of non-Communist forces, the first phase of the patient drive for power.

Turn Reasonable

The present-day new look is strongly reminiscent of the five years which preceded World War II, when the Communists turned reasonable under the leadership of Moscow and pressed hard for popular front movements they could influence or dominate. At the same time Moscow was presenting a peaceful and reasonable "coexistence front." Moscow wanted time then. Communism apparently needs time now.

Women To Help

NIAGARA-ON-THE-LAKE, Ont., Aug. 14 (P) — The World Boy Scout Jamboree here this month won't be all a man's world. Two hundred and fifty club women have been recruited to work in canteens, clerk at the trading post and do secretarial work for the 10,000 delegates.

Major Bill Blumer Looks Like Average Guy Until You Look In His Eyes And See The Stumps Left By Chinese Commies

By Bob Holton

LEWISBURG, Pa., Aug. 14 (P) — Bill Blumer looked just like any other average guy as he sat in church at nearby Milton this morning.

But then he stood up to leave and you could see there was a difference—a sad difference.

Bill has only stumps for fingers. He hobbles painfully on crutches. There's a sparkle in his eyes but there is a far away look there, too.

Bill—more properly Maj. William H. Baumer — attended his first church service since he was captured along with 10 other American airmen and shoved into a Communist prison in China 2½ years ago.

The 33-year-old airman arrived home yesterday.

Bill confessed that there were times that he almost had resigned

himself to his fate—eight years behind prison bars on trumped-up charges.

"But somehow I'd get over that feeling, and before long I'd be feeling once again that 'It won't be long now,'" he explained.

Bill's a proud man. Not contented, but too proud to take sympathy.

"I suffered some injuries but at least I got back home and that's the important thing," was his summation.

Did he undergo any Communist torture as has been reported by others of the crew shot down supposedly over Chinese territory?

"They left me alone more than the other fellows I suppose because I was injured." That and nothing more.

The fingers on both hands and several toes on his left foot were amputated because of frost bite.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—

Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made

astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H.* At your druggist. Money back guarantee.

No. 18 in a series of RARE CREATURES!

THE WILLOWY WISP has a natural bent—in any direction

The WISP is a retailer who can be talked into almost anything — when it comes to national advertising support from the makers of the products he sells.

He's not always sure where he's going because he's usually being led.

He's absolutely sold on newspapers for his own advertising but lacks the foresight to urge manufacturers to use it, too.

Fortunately the wise is a rare creature.

Most successful retailers know that a manufacturer's

advertising helps them best in their daily newspaper — close to their own advertising.

Most retailers know that newspapers are the action medium. That's why local advertising in newspapers stacks up to over \$2,000,000,000 a year — nearly six times the amount local advertisers put into radio, more than eleven times the amount they put into television.

Smart retailers and manufacturers know that only in newspapers can they advertise together so gainfully.

All business is local...and so are all newspapers!

This message prepared by BUREAU OF ADVERTISING, American Newspaper Publishers Association, and published in the interests of fuller understanding of newspapers by

Jacobs Co. Takes Over Reassessment Work In County Today

Company Did Elk County Properties

J. L. JACOBS and Co. of Chicago, the new firm of appraisers and engineers hired by Monroe County to set up a complete foundation for a reassessment program has had wide and varied experience in the field. The firm takes over today.

During the past year, for example, Jacobs and Co. workers revaluated all taxable real properties in Elk County, Pa.—an estimated 18,000 of them. The Elk county project was basically the same as the current one for Monroe—it is required by State assessment laws.

Tichenor In Charge

When the Jacobs company was hired two weeks ago to take over the Monroe project, it was announced that E. D. Tichenor, a veteran Jacobs employee, will be supervisor of the overall appraisal job here.

Martin D. Miller, a Jacobs partner and the man who is in charge of appraisal and engineering consultation for the firm, outlined his firm's basic attitude toward revaluation last week in this way:

"A good revaluation requires both exterior and interior inspection of property in order to obtain information or real difference between improved buildings and those which are unimproved. Two buildings may look exactly the same from the outside, but improvements made on the interior may make the value of one considerably higher than that of its neighbor."

Realistic Appraisals

"What we are after in this project, of course, is information which is absolutely necessary to make a realistic appraisal for use by the county and local assessors in making an assessment."

"We feel certain that property owners here will cooperate with our field staff workers in order that they may get the necessary information. We look forward to a pleasant association in Monroe County."

"Our field staff has recently come from Clarkstown, N. Y.; from Spring Valley and New Albion, N. Y., and from Elk county here in Pennsylvania. Another staff member is here on assignment after completing work in Danville, Ky."

"Right at the moment we are concentrating most of our work and attention on summer residences in resort areas in the county. We feel this is the best approach since it is necessary that we gain access to properties before they are closed up for the winter."

At present, Miller said, workers have "already started to enumerate some areas in Barrett township." Miller indicated that the firm will try to wrap up as much of the descriptive information on resort area properties before the end of summer as can be accomplished.

Take Over Today

Effective today, the firm—with Tichenor as supervisor—takes over sole control of the county's revaluation and reappraisal project. This includes tax mapping and all other phases of the work. Jacobs employees have been "on the job," however, since the first of this month.

One of the largest projects undertaken by the firm in its history was carried out in 1941 and 1942 with the revaluation of 208,000 real properties in Jackson county, Missouri—including Kansas City, Independence and 16 other cities and townships in the county.

Other large jobs during recent years completed by the company include Jefferson county, Ky., in 1950; Lucas county, Ohio, and Clarkstown, N. Y. The firm completed valuation projects in 18 large cities in the U. S., including Baltimore, Boston, Buffalo, Cincinnati, Cleveland, New Orleans, Pittsburgh, Jersey City, Indianapolis, Newark, San Francisco and Seattle.

The primary aims of the 1951 Assessment Law passed by the Pennsylvania legislature are to provide a standardized and systematic method for assessment in counties of the fourth to eighth class categories.

The law makes it mandatory for county governing bodies to set up such system. From information provided through revaluation, the setting up of tax maps, for each district and the creation and maintenance of property card files and owners' files, the county will be

EAGLES AT WEYGADT — Area Scouts who were elevated to the rank of Eagle Saturday at a Court of Honor presented by Delaware Valley Area Council, Boy Scouts of America at Camp Weygadt, were those shown above. King Size Cast Set For East Boro Water Carnival

A WATER CARNIVAL boasting a king-sized cast of 45 children will be the feature attraction at East Stroudsburg pool Tuesday.

The carnival is slated to start at 6:30 p.m. It is being directed by Mary Sue Harvey.

Theme of the show will be "A Visit To Mermaid Rock" in which the legendary King Neptune, ruler of the seas, comes to call on some mermaids.

Lions Awards

Besides the mermaids, who will greet the king, there will be swimmers interpreting water lilies, water bugs, turtles, a sea serpent, jelly fish, porpoises, lobsters and a shark.

The Lions Club of the Stroudsburgs will present its annual awards to three swimmers and three playground visitors for outstanding work during the summer.

Red Cross certificates will be presented during the carnival.

Dog License Sales Exceed 1954 Total

THE COUNTY treasurer's office has sold more dog licenses in the first seven months of 1955 than were sold in the full year 1954.

Treasurer Frank Weller said yesterday he has issued 4,900 licenses so far this year. During 1954 the office issued only 4,858 licenses he said.

There are an estimated 7,000 owned dogs in Monroe County at the present time. Beginning in September, Weller said, James Hazen of Shohola Falls, the dog enforcement officer for the State in this area, will make a complete check of animals needing licenses in the county.

The check will be made by townships in the county. Hazen is the state investigator for the State Department of Agriculture's Bureau of Animal Industry.

\$400 Damages, Two Injured In Collision

BUCK HILL—An estimated \$400 damage was caused to a car when it ran off the golf course road here at 11:30 p.m. Saturday and hit a tree.

Mount Pocono State police identified the driver as William McAndrew, 20 of 80 Park St., Carbondale. Two men who were passengers in the car were slightly injured, police said.

The injured were: Joseph Hayes, Philadelphia, bruises of the head and left hand and Thomas Ohren, Shenandoah, a nose fracture and facial bruises. Both men were treated by Dr. Harold Tattersall, Mountainhome, at his office.

enabled to set up an equalized assessment percentage for the entire district, according to the law.

Car Upsets On Wet Road; No Injuries

A STROUDSBURG RD 3 man's car ran off the right side of Route 611 skidded, went into a spin and overturned in the center of the highway at 5:50 p.m. Saturday, State police said.

Driver of the car was identified as Thomas J. Shanley, 32, by police. Damage to the car was estimated at \$1,000. It was a 1953-model coupe.

Police said the highway was wet at the time of the accident which occurred one half mile north of Delaware Water Gap on Foxtown Hill. The driver was not injured. He was alone in the car at the time of the accident, police said.

Damages were to the radiator, grill windshields entire front end and sides of the car. No other property damage and no other vehicle were involved, police said.

Blind Artist Show Tonight At Penn-Stroud

A GROUP of blind artists will present a concert in the Penn-Stroud Hotel tonight at 8:30.

The artists will include Luigi Boccio, director and tenor soloist; Catherine Deraceo, soprano, and Stan-Lee, impressionist. Oscar Elerman is the accompanist.

The blind artists will appear under their own auspices.

Art Show Aug. 26, 27

THE SECOND outdoor art show of the 1955 Summer season will be held in Court House Square, Stroudsburg on Friday and Saturday, Aug. 26 and 27.

Sponsors of the shows are the members of the Pocono Mountains Art Group. The first of the two shows was held last month in Stroudsburg, with more than 70 artists exhibiting.

The number of marriages in the United States declined from a record 2,291,000 in 1946 to 1,484,000 in 1954.

We can submit excellent plans for Special Structures as Mausoleums, grave covers, or any "Custom Work" you may desire, Stroudsburg Granite Co. Truman Burnett, Owner Main St. at Dreher Ave. Phone 1812

Driver Fined After Crash On Rt. 611

MOUNT POCONO — A Binghamton driver paid \$15 fine and costs on a charge of driving without a license Saturday.

The charge grew out of a two-car accident at 2:45 p.m. Saturday one half mile south of Mount Pocono on Route 611, Mount Pocono State police said.

Police identified the driver as Michael Pankowitz, 28 of 77 Liberty St., Binghamton. Pankowitz' car hit the rear of a car driven by Cosmo Ignier, 38 of 826 40th St., Brooklyn, N. Y., police said. Both cars were going south on the highway.

About \$600 damage was done to both cars combined. A woman passenger in each of the two cars was treated for shock by a local physician but there were no injuries, police said.

Pankowitz was taken before Justice of the Peace J. S. Knauf, Paradise on the charge of driving without an operator's license. He entered a plea of guilty and paid the fine and costs.

Mrs. Supplee Dies In Poconos

MRS. WILLIAM L. Supplee, Philadelphia, died in the Poconos while vacationing Saturday night. She had been ill several years.

The body was taken to Philadelphia yesterday morning by Dunkelberger and Westbrook, funeral directors. Services will be held in that city.

Princess Anne Is Five Today

BALMORAL, Scotland, Aug. 14 —Princess Anne will be five years old tomorrow — a lively little girl still quite uninhibited by her royal rank.

A sponge-cake tea party has been arranged there where the royal family is vacationing. It will be a folksy family affair without any frilly touches.

Senate Dems Start Check On Finances

HARRISBURG, Aug. 14 (P)—Senate Democrats open hearings tomorrow on the state's \$1,800,000,000 budget as embattled factions get set for another round of compromise hearings.

Sen. Joseph J. Yosko (D-Northampton), chairman of the Democratic budget hearing, especially invited Republican senators to attend the hearings and spell out the 220 millions they claim can be trimmed from the budget.

Compromise Study

Gov. Leader will sit down with Republican and Democratic leaders of the Assembly on Tuesday for another try at working out a compromise tax program.

The governor started the compromise conferences after the Republican Senate majority rejected his 411 million dollar classified income tax program. There since has been no sign of the Democratic administration and the GOP legislators getting together on a compromise.

Republicans have talked of a sales tax, perhaps at a 2 per cent rate, to replace the income tax but insisted such a levy would have to be sponsored by Democrats. The governor repeatedly has slammed the door against continuing the present one per cent sales tax, which expires Aug. 31, or renewing the levy at a higher rate.

Two Week Hearings

Sen. Yosko said he expected the budget hearings to last two weeks, which would be the period of the legislative recess. The Assembly convenes again on Aug. 29.

The eight-member Democratic group was named by Sen. John H. Dent, Democratic floor leader, when Republicans, who control the Senate, refused to go along with holding hearings.

Yosko said in a statement that he still is hopeful that some of his GOP colleagues in the Senate will turn up at the hearings. Their position, he said, is a "shaky one."

Taylor Invited

"I particularly invite Sen. M. Harvey Taylor (R-Dauphin), former Republican state chairman, and Sen. Robert D. Fleming (R-Allegheny) to appear as voluntary witnesses and tell us in detail," said Yosko, "how we can cut away the 220 million dollars in alleged padding they insist is wrapped up in the budget."

One Republican, Sen. Edward J. Kessler (Lancaster), chairman of the Senate Finance Committee, has said he will sit in on the hearings as an observer.

Called up for testimony will be department heads and others responsible for estimates of various state expenditures to be made during the 1955-57 fiscal period.

Special Masses Set For Today

TODAY is a Holy Day of Obligation for all Catholics—the Feast of the Assumption of the Blessed Virgin Mary. Special masses for today will be held as follows:

At St. Luke's, Stroudsburg, 7:15 and 8; St. Matthew's 6:15, 8:30, 10 and 12:05; Delaware Water Gap, 10:30, and Bushkill, 7:30 and 9:30.

Hurricane Connie Causes New Telephone Calls Peak In Stroudsburg Exchange

MORE PEOPLE CALLED more people by long distance through the Stroudsburg Bell Telephone exchange Saturday than at any other time in history.

Total number of calls handled by long distance, according to Mrs. Lulu B. Harvey, chief operator, was 8,081 for the one day.

The total represents a new one-day high for the office, Mrs. Harvey said. Mrs. Harvey attributed the great activity on long distance lines to a high increase in incoming and outgoing calls reflecting interest in the storm.

"Short Haul" Calls

In addition to the long distance calls, the local office handled 1,600 "short haul" calls to Bangor, Saylorsburg, Kunkletown and other nearby communities, Mrs. Harvey said.

Local calls totaled 39,000—a big enough total, Mrs. Harvey said, but not a daily high for the Stroudsburg office. A total of 131 operators were on duty throughout the day.

Visitors to the area calling their homes in New York, Philadelphia and other metropolitan centers may have accounted for most of the long distance calls, Mrs. Harvey said.

Hospital Notes

Births

Son to Mr. and Mrs. Ralph Kindrew, East Stroudsburg; son to Mr. and Mrs. Robert Kintner, Minisink Hills; son to Mr. and Mrs. Albert Ingetti, Pocono Summit; son to Mr. and Mrs. Norman Silfies, Wind Gap; son to Mr. and Mrs. James Chamberlain, East Stroudsburg RD3; daughter to Mr. and Mrs. Jesse Morley, Water Gap.

Admitted

Kunkletown Man Injured

KUNKLETOWN — Thurlwald Kuhnbecker, Kunkletown RD 2, was in good condition last night at Palmerton Hospital where he is recovering from injuries sustained in a two-car accident three miles east of Little Gap Saturday afternoon.

Also injured in the crash was George Horvath, 440 Walnut St., Allentown. Hospital officials listed Kuhnbecker's injuries as a cut lower lip and bruises of the left leg and foot. Horvath was being treated for a rib fracture and a left knee cut, the hospital said.

The accident occurred at 5:10 p.m. in Eldred township on Route 45001 during a rain squall. Both cars were badly damaged in the crash, police said.

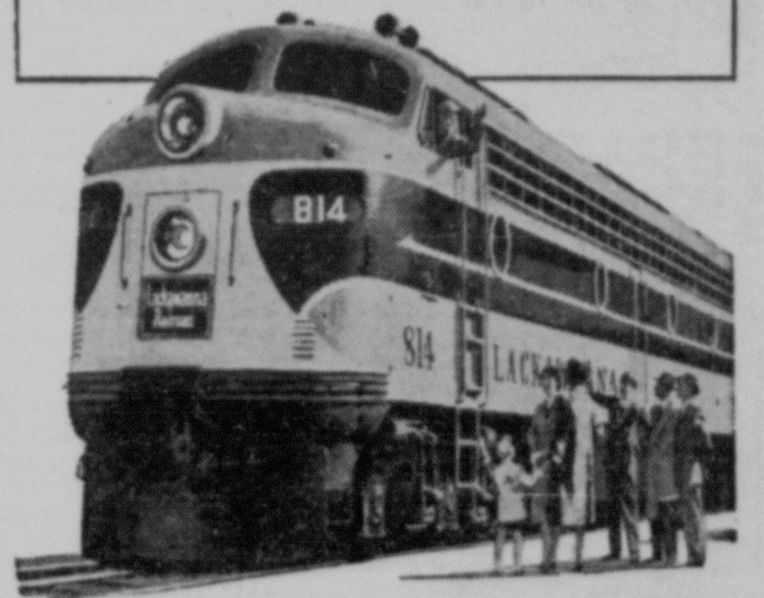

Russia has about 16 million horses.

RILEY

By JIM RILEY
Sports Editor

Lake Harmony and Reeder's are having their troubles rescheduling two Pocono Mountains Baseball League games that were rained out earlier in the present campaign. Although both managers have agreed to play the two games in the form of a doubleheader on Sunday, August 28, Lake Harmony doesn't want to play the contest unless it has a bearing on the first four places in the standings. If the doubleheader is played, it will take place at Reeder's.

Leighton High, a member of the Lehigh Valley League, is featuring new stationery for its department of athletics. It's maroon and white with a picture of two basketball players. Joe Chase, former basketball and football star at East Stroudsburg High, and Jack Fisher, star miler and two miler at East Stroudsburg State Teachers College, are working at Echo Valley Farms this summer. Al Sterner, well known baseball, basketball and football official, is manager of the same resort.

There is a possibility that both the Tannersville and West End Lions clubs may present Donkey Baseball later this month, even though the scheduled Friday game at Saylorburg and the Saturday outing at Tannersville were washed off the books by rain. The donkeys were on hand, but the weatherman refused to cooperate in regards to the game. The bad part about the situation is the fact that each of the clubs went to some expense in presenting the affair, even though it never came off as scheduled.

The Pocono Little League will feature a big name baseball figure as a speaker at its banquet to be held in October. East Stroudsburg State Teachers College opens its 1955 football season at home against Millersville State Teachers College on Saturday, September 24. The fact that Boston bounced back with a double win over Washington yesterday produced new hope among local Red Sox fans who had almost given up the ship after the Crimson Hose had fallen five full games off the pace with an 18-9 loss at the hands of the Senators on Saturday.

Saturday's rain prevented local racing fans from seeing some of the top drivers in the east in action at Stroudsburg Speedway. The stock car and new car racing shows were scheduled as part of the Tri-State Fair. The Tannersville entry in the Pocono Mountains Baseball League, has a fund raising drive underway at the present time and it will continue through December 31.

The Pocono Mountains League baseball game forfeited by Bushkill to Kunkletown yesterday was the second in the past three weeks that Bushkill has handed to the opposition by a 9-0 score. Doug Schoonover, new football coach at East Stroudsburg Junior High School, and John "Juice" Ernst, former football and baseball star at East Stroudsburg High, finish a summer work at Penn State last week.

Charley Heath, who managed and umpired in the now defunct class "D" North Atlantic League, died on Saturday. Heath, who piloted Nazareth in the NAL, was one of the most beloved figures in Lehigh Valley baseball. Charley, 60 years of age at the time of his death, managed, played and umpired in many circuits, and was always among the most popular figures. A combination heart and kidney ailment brought about the end for the former outstanding catcher.

Yesterday's weather didn't mean a thing to the Pocono State Club, as the local roller skating organization held a racing program at the Stroud Roller Skating Rink. State Belt Babe Ruth League All-Stars will oppose Dunmore in baseball for a third time this season on Saturday, when the State Belts invade Dunmore. Dunmore won the first two games played between the two teams, both at Bangor. Frank Radler and John Schoonover, both well known baseball stars in the Stroudsburg area, and Sid Effross, former diamond standout from Portland, will play in the Old Timers baseball game at Allentown's Brendon Field Wednesday night.

Several championship matches at Glen Brook Country Club were played yesterday despite the foul weather and wet conditions. Rescheduling of games will be the number one topic of business at the Pocono Mountains Baseball League meeting tonight at Pocono Chateau.

Reeders Tops Analomink Before Rain Strikes, 6-3

Bonser Clips Homer In Winning Cause

REEDERS — A pair of three-run outbursts gave Reeders a 6-3 victory over Analomink in a Pocono Mountains Baseball League game here yesterday. The tussle was halted in the sixth inning because of rain and the score reverted back to the fifth frame.

Analomink, serving as the host team due to the fact that both clubs play their home games here, found itself three runs behind right off the bat as Reeders exploded for three counters in the visiting half of the opening frame.

Sam Bonser's bases-empty homer sparked the first inning uprising by the home club.

Analomink fought back with a pair of counters in the second and tied the score with a singleton off George Harshorn in the fourth. But, Reeders bounced back to win with three more counters in the fifth inning. Just before the rains came.

Reeders scored twice in the top of the sixth, but rain washed out all sixth inning activity.

The winning club held a 7-5 edge in hits, but booted three plays in the field, while Analomink committed two errors.

Sanders Tops Amateur List

CHICAGO, Aug. 14 (AP)—Doug Sanders, a Dixie golfing dandy from the University of Florida, today won the "World" amateur men's tourney by eight strokes as he finished with a 70 for 284, four under par for the 72-hole distance. It was a "new faces" cast in the Tam O'Shanter sideshow to the \$100,000 "World" pro as Hillman Robbins, Jr., of Memphis wound up second with 292 and England's Bruce Cudd placed third with 298.

The past five "World" amateur championships had been won by Frank Stranahan, now a pro. Last year's runnerup, Arnold Palmer also is a pro now.

Sanders also won the All-American amateur last week, scoring 286 for the four rounds.

A 22-year-old player from Cedar-town, Ga., Sanders had rounds of 67-70-77 before his 25-35-70 windup effort.

Final Game For Minor League

STROUDSBURG Minor League will play its final game of the current campaign today at Stroudsburg playground. The tussle is slated for 10 a.m.

An All-Star team, to play the Veterans of Foreign Wars on Thursday, will be selected after today's game.

Future Doctor Wins Race

AKRON, Ohio, Aug. 14 (AP)—Richard Rohrer, a tall 14-year-old from Rochester, N. Y., won the 18th annual All-American Soap Box Derby today, beating two other boys in the final heat with the second best time of the day.

The 6-foot-1 Rohrer, who said he spent 500 hours building his gravity-powered car, plans to use the first prize of a \$5,000 scholarship to study medicine at Georgetown University.

Rohrer won the final heat down the 975-foot hill in 27.25 seconds, to beat David Thayer of Detroit and Albert Cobble of Long Beach, Calif.

Fourth place went to Michael Chick of Dover, N. Y.; fifth to Norman Esterbrook, Columbus, Ohio, and sixth to James Hall, Lafayette, Ind.

Valdes Returns To Ring In Chicago Bout With Satterfield

NINO VALDES, giant Cuban heavyweight contender, risks his standing Wednesday night against hard-punching Bob Satterfield in a 10-round match at Chicago Stadium.

Satterfield, an inconsistent scrapper with a big punch has lost 19 out of 60 but has floored his opponent in most of his fights.

The heavyweight scrap will be carried on network radio and television (ABC) starting at 10 p.m. (EDT).

Valdes hasn't fought since he lost to Archie Moore at Las Vegas. His career record for 41 starts is 33-9-2.

Joe Miceli, New York welter who recently gave Art Aragon a bad beating, gets another Los Angeles match Thursday against Don Jordan of Los Angeles.

A new fight club opens at Elmira, N.Y., Tuesday when Orlando Zulueta of Cuba boxes Glen Flanagan of St. Paul in an outdoor show.

The Monday TV show from St. Nicholas Arena in New York (Dumont) brings in two new faces in a middleweight match between Jimmy King, world traveler from Birmingham, Ala., and Neal Rivers of Niagara Falls, N.Y. King has been boxing in Europe for several months. Rivers has been doing most of his fighting in California.

Moore Drills In 16-Foot Square Ring

NORTH ADAMS, Mass., Aug. 14 (AP)—Light heavyweight champion Archie Moore is training in a 16-foot square ring in the event he is compelled to fight heavyweight champion Rocky Marciano in a ring of that size.

Moore's manager, Charley Johnston, made the disclosure after the light heavyweight titleholder boxed three rounds outdoors today in preparation for his Sept. 20 Yankee Stadium bout with Marciano.

Same Size
Marciano beat Don Cockell, the English heavyweight champ, in a 16-foot ring in San Francisco.

"Al Weill, manager of Rocky Marciano, knows all the tricks of the game," Johnston said. "No one thought he would be able to get away with a 16-foot ring in San Francisco, but he did."

"I don't think Commissioner Julius Helfand and the New York State Athletic Commission will let him get away with anything so desperate, but we intend to be prepared for it, if it happens."

U. S. Leads In Wightman

RYE, N. Y., Aug. 14 (AP)—U. S. Champion Doris Hart of Coral Gables, Fla., lost her first singles match in Wightman Cup competition today but the United States took a 2-1 lead over Great Britain in the interteam series.

Louise Brough, Wimbledon titleholder from Beverly Hills, Calif., won her singles match and then teamed with Mrs. William duPont, Jr., the former Marjaret Osborne from Wilmington, Del., to take the doubles. The final four matches in the series, won the last 18 straight years by the U.S., will be played tomorrow.

Miss Hart lost to Angela Mortimer, Britain's No. 1 player, 6-4, 1-6, 7-5 after Miss Brough had led 2-0 in the first set.

Miss Brough and Mrs. duPont downed Miss Bloomer and Patricia Ward 6-3, 6-3, in the doubles.

Little League Contest

NATIONAL BANK and pace setting Peoples Coal will play in the Stroudsburg Little League today. The game will get under way at 6:15 p.m.

Mullen Sets Record In AAU Meet

PHILADELPHIA, Aug. 14 (AP)—Betty Mullen won the 100-meter butterfly championship at the National Women's AAU Swimming and Diving championships today in world record time in a race so closely contested that the second and third place finishers also bettered the recognized world standard for the distance.

Miss Mullen, of the Walter Reed Swim Club, Washington, D.C., won in a blanket finish with teammates Mary Jane Sears and defending champion Shelley Mann.

Fourth
And just to make the family affair complete, another Walter Reed darling, Wanda Werner, finished fourth.

The winning Washington lass, who had shattered the existing world record in her preliminary heat victory, bettered that mark in the final when she was timed in 1:15.0.

The old record of 1:16.6 was set at Turin, Italy, last August by Jutta Langenau of East Germany.

Softball Activity

Governor Sees Good Future For Boxing In Pennsylvania Under Recently Adopted Code

CHICAGO, Aug. 14 (AP)—Gov. George M. Leader of Pennsylvania said today he believes there is a good future for professional boxing in his state under a strong code recently adopted by the Legislature. He said he expects a ban on boxing in Pennsylvania to be lifted about Aug. 30, when he hopes the boxing code will be signed into law.

The new code which was passed last week by the state Senate and earlier was adopted by the House, Leader said, will give the state boxing commission tighter control over managers, promoters and boxers.

Feature
One of its most important features, the governor told a reporter, is authority granted the boxing commission to suspend fight figures charged with wrongdoing pending a hearing before the commission.

Under the present law, promoters, managers and fighters cannot be suspended until after a hearing. "Hearings could go on for ages," Leader said.

When conditions in Pennsylvania got out of control, largely due to the commission's inability to move swiftly to correct infractions, boxing was suspended for 90 days.

"We hope it's somewhat of a model code," Leader said. Leader, who has been attending the 47th annual Governor's Conference in Chicago, will address a meeting of the National Boxing Assn. in Detroit tomorrow on Pennsylvania's new code.

Galbraith Convicted Of Murder

MCLESTER, Okla., Aug. 14 (P)—Dr. Ben T. Galbraith listened soberly last night as a District Court jury of 12 fathers convicted him of the March 17 slaying of his wife and fixed punishment at life imprisonment.

The verdict was returned after only an hour's deliberation. Galbraith did not stand as the last act of the bizarre story was played out before a hushed courtroom of more than 300 persons. No sign of emotion crossed his face, his eyes were fixed straight ahead and his body drooped in tired repose.

Sentence Tomorrow

The 34-year-old heart specialist, who is also charged with the murder of his three small children, will be formally sentenced Tuesday.

Pittsburg County Atty. James P. Whyte would say nothing about the other charges pending against Galbraith.

Galbraith admitted killing his 34-year-old wife, Mary Katherine, and their three children, Frank, 7, Jere, 5, and Sarah Ann, 4. His attorneys never disputed the murders. They contended Galbraith was innocent by reason of insanity and pleaded he be sent to a state mental hospital.

Denied Wish

Ironically, the one thing Galbraith had asked in his confession was denied him by the jurors' verdict. "I killed them and I'm sorry," he said after being arrested in March. "I want to die as quickly as possible. I hope the law will grant me that privilege."

Galbraith even tried to take the matter of his death into his own hands. He attempted suicide four times, the last coming on the eve of his six-day trial last Sunday.

Galbraith had made a trip to Oklahoma City, presumably to attend a medical society meeting on March 16. He returned in the middle of the night, attacked his wife by battering her with a vermouth bottle and injected the children with morphine and insecticide.

Set Fire To House

He then set fire to the fashionable two-story home. At first authorities thought the family perished in what was termed an accidental fire. But a team of searchers came up with damaging bits of evidence which led to Galbraith's arrest in Henderson, Tenn., where he had gone to bury the family after having the bodies hastily cremated in Tulsa, Okla.

Storm Relieves Water Shortage

WASHINGTON, Aug. 14 (P)—The Interior Department reported today Hurricane Connie had relieved an acute water shortage and drought on the U.S.-owned Virgin Islands in the Caribbean.

St. Thomas, the principal island, got a six-inch rain, which contributed 8 to 10 million gallons of water to the storage system, the department said.

St. Thomas depends entirely on rain for its water supply. Special concrete structures on the island's hillsides are used as catch basins. Puerto Rico has been sending water to St. Thomas recently.

SOLID INFIRMARY—Keys to the new infirmary at Camp Hugh Beaver, Easton YMCA camp near Bushkill, were turned over Saturday. In photo above Joseph Ralph Jr., chairman of the Y's "fathers' association" board hands the key to Max F. Pellen, camp director and Thomas Frey, association president, looks on. Ralph and Pellen are from Palmer township; Frey is from Phillipsburg. Fathers put in 2,000 hours of labor on the building which cost about \$2,500. Infirmary has 12 beds, a nurse-in-residence (Mrs. Dorothy Kaufmann, Phillipsburg, N. J.) and—since it was opened in July—has treated 1,800 patients for ailments ranging from a splinter in the finger to a (bullet) hole in the foot. Dr. Joseph Viglione, Stroudsburg, visits the camp daily. An examining table was donated by Dr. Charles Rushmore, East Stroudsburg. (Staff Photo By MacLeod)

Gettysburg Judge Named To Try Court Room Slayings

CARLISLE, Pa., Aug. 14 (P)—Judge W. C. Sheely, Gettysburg, will preside at the murder trial of Percy Haines, 60, accused court-room killer.

The state Supreme Court directed Judge Sheely to conduct the trial at the request of Judge Dale F. Shughart, of the Cumberland County Court.

Haines is charged with the pistol death of John D. Faller Jr., attorney for Mrs. Haines in a wife support case. Judge Mark E. Garber and two others were wounded in the courtroom shooting on Aug. 2.

Support Order

The shooting occurred after Judge Garber entered a support order against Haines.

Judge Shughart, disqualified himself to preside at the trial because of personal knowledge of the case and a possibility he might be called as a witness.

The trial has been docketed for the September session.

TVA Redemption Beats Schedule

KNOXVILLE, Tenn., Aug. 14 (P)—The Tennessee Valley Authority said today it will pay 14 million dollars to the U.S. treasury tomorrow, retiring all outstanding bonded indebtedness.

The agency said the redemption of the last of a 65 million dollar bond issue, made in 1933-39, comes 14 years ahead of schedule. In addition to the principal, TVA said, it has paid interest totaling more than 10½ millions.

Money to redeem the bonds and pay interest on them has come from the sale of TVA electric power.

A strong, young, male elephant is worth \$800 to \$1,400 in East Pakistan, says the National Geographic Society.

Gertrude Rowe Henryville, Dies Suddenly

MRS. GERTRUDE ROWE, 54, of Stroudsburg, died at midnight Friday in General Hospital.

She was taken to the hospital Friday night and died a few hours later. She was formerly of Henryville.

Surviving are her husband, Charles, of Henryville; two sons, Russell, Stroudsburg, and Stewart, Tannersville; her parents, Mr. and Mrs. Harvey Freeland, Henryville; a brother, Charles Freeland and a sister, Mrs. Clarence Mader, of Henryville; one grandchild.

Funeral services will be held Tuesday at 2 p.m. at Gantzhorn funeral home, Tannersville, with Rev. E. T. Horn officiating. Interment will be made in St. Paul's Reformed Cemetery, Swiftwater. Friends may call at the funeral home tonight after 7 p.m.

H. J. O'Rourke Tobyhanna Native, Dies

HUGH J. O'Rourke, 57, formerly of Tobyhanna, died in St. Luke's Hospital, Bethlehem at 7:30 a.m. yesterday.

The son of the late Frederick and Catherine Scanlon O'Rourke, he was born near Tobyhanna and had lived most of his life in that region, moving to Bethlehem 12 years ago to work for the Roller-Smith Co. there. He was a member of St. Simon and Jude Catholic Church, Bethlehem.

Surviving are his wife, Mrs. Kathryn Kowalski O'Rourke, at home; three sisters, Mary O'Rourke, New York City and Kathryn and Frances O'Rourke, both of Scranton.

Requiem mass will be held Wednesday at 10 a.m. at St. Matthew's Catholic Church, East Stroudsburg, with Rev. Harold G. Durkin officiating. Rosary services will be conducted at Lanterman funeral home Tuesday at 8 p.m. Friends may call at the funeral home Tuesday from 7 to 9 p.m.

Six Day Old Child Dies

WILLIAM J. EHRGOOD III, six-day-old son of William and Viola Rehn Ehrgood, East Stroudsburg RD1, died at 3:30 p.m. yesterday in General Hospital.

Surviving are the parents; three sisters, Carolyn Jean, Dawn Sharon and Rose Ann, and the paternal grandmother, Mrs. Esther Ehrgood, Delaware Water Gap.

Funeral services will be held Tuesday at 11 a.m. in Lanterman funeral home, Rev. William Wunder officiating. Interment will be made in Prospect Cemetery. Friends may call at the funeral home tonight from 7 to 9.

An autopsy has been ordered in the death, according to Dr. Charles Rushmore, Monroe County coroner.

Tibetan aristocrats wear elongated silk sleeves hiding their fingers to show their hands are not their livelihood, says the National Geographic Society.

Harry Garis Dies After Long Illness

HARRY SAMUEL GARRIS, 81, of East Stroudsburg RD1, died at 6:30 p.m. Saturday in General Hospital after an illness of 14 years.

He was born in Flatbrookville,

N. J., son of the late Elias and Mary LeBaz Garis, and had lived nearly all his life in Monroe County. He was a member of Sand Hill Methodist Church for 50 years and a trustee of that church for 30 years.

Surviving are his wife, the former Rosa Van Gorden; a daughter, Mrs. Amzi Dunbar, both at home.

Private funeral services will be held Tuesday at 2 p.m. at Lanterman funeral home, Rev. William

Red Cross Parcels

HONG KONG, Aug. 14 (P)—Nelson Riley, American Red Cross representative, arrived here from Tokyo today with 29 Red Cross parcels which will be turned over to Chinese Communist Red Cross officials at the Hong Kong border tomorrow. The parcels are for 29 American civilians the Reds admit holding.

Wunder officiating. Interment will be made in Sand Hill Cemetery.
